(8 lbs. provided by foam, air chamber adds 15 additional lbs.)

\$180

# LDB™

THIS INCREDIBLY COMFORTABLE MESH BACK DESIGN IS PERFECT FOR THOSE PADDLING IN WARM CLIMATES OR KAYAKS WITH HIGH SEATBACKS.

- Thin lower back for high seat backs
- Full mesh upper back for ventilation
- Add 5 lbs. of buoyancy with our Booster (sold separately)
- Organic kapok is soft and self conforming
- Hydration Compatible (Hydration Bladder fits in back)
- Chimney Vent (to activate, open zipper & secure buckle)
- Five Large Pockets!

## INGREDIENTS:

**BUOYANCY:** Organic Kapok and Gaia™ Foam  
**SHELL FABRIC:** 500 Denier Cordura® Nylon  
**LINER FABRIC:** 200 Denier Nylon  
**HARDWARE:** Acetal plastic  
**ZIPPERS:** Self-locking Vislon teeth from YKK®  
**WEBBING:** Nylon

**SIZING:** (measured in inches at widest torso circumference)

Small/Medium 31-37"

Medium/Large 38-44"

Large/Extra Large 45-51"

**BUOYANCY: 17 lbs.**

(USCG minimum is 15.5 lbs. for a Type III PFD.)

**FOAM tectonics** We are proud to introduce a new line of PFD's using Foam Tectonics. The Willis™, Bella™ and Greenjacket™ represent the new generation of technical PFD's. Great for both men & women. Ideal for Performance Kayaking & Sailing.

- > **When paddling, the inner plate** remains perfectly in place while the outer plate is free to move around with the paddler's torso. This allows unhindered range of motion without pulling up on the core of the vest.
- > **As the outer plate conforms with the** user's movement, it also conforms with different body types. The accommodating upper-front make any of these jackets a perfect fit for women (the Bella is *styled* specifically for women).
